What does the *Catechism* say about...?

Happy 25th Birthday *Catechism of the Catholic Church!*

“90. Did the incarnate Son of God have a soul with human knowledge?”

The Son of God assumed a body animated by a rational human soul. With his human intellect Jesus learned many things by way of experience; but also as man the Son of God had an intimate and immediate knowledge of God his Father. He likewise understood people's secret thoughts and he knew fully the eternal plans which he had come to reveal.

91. How did the two wills of the incarnate Word cooperate?

Jesus had a divine will and a human will. In his earthly life the Son of God humanly willed all that he had divinely decided with the Father and the Holy Spirit for our salvation. The human will of Christ followed without opposition or reluctance the divine will or, in other words, it was subject to it.

92. Did Christ have a true human body?

Christ assumed a true human body by means of which the invisible God became visible. This is the reason why Christ can be represented and venerated in sacred images.”

Summary of paragraphs 470-477 and 482 of the *Catechism* as found in the *Compendium of the Catechism of the Catholic Church*.
